THIS IS THE KEY POINT TO TIR ISSUES

YOU ONLY WANT TO SEE GREEN DOTS NO RED
IF YOU SEE RED

THEN YOU HAVE A REFLECTION BEHIND YOU.

LIKE A LIGHT, FISH, TANK, MIRRORSOMTHING ON YOUR SHIRT LIKE A ZIPPER.

IF TIR ACTS FUNNY "LOCKS UP" ITS 99.999%A REFLECTION ..

SO LOOK HERE AT THE GREEN DOTS IF YOU SEE RED THEN THATS WEAR ITS COMING FROM.

..FIND IT.....MAKE IT GO AWAY!

A FEW WEEKS AGO SUDENLY TIR WAS LOCKING UP ON ME IT WAS

A SILVER STRIPE ON MY SHIRT REFLECTING BACK AT THE CAMERS.

I PUT MY HAND OVER IT AND THE RED DISSAPERED IN THE CAMERA WINDOW ABOVE..

I TOOK THE SHIRT OFF, BINGO NO MORE RED NO MORE ISSUE

THIS IS THE MOST IMPORTANT THING TO

CHECK IF YOU HAVE LOCK UPS OR TIR STARTS JUMPING AROUND

IT WILL SHOW RED HERE..

Left, top, front,
shows
what your ingame head movment
is looking at

PERCISION:

I DONT USE IT ITS TO SLOW AND DISTRACTING NOT NECESSARY
DONT WASTE YOUR TIME WITH IT. ITS A CRUCH THAT WILL DELAY YOUR PROGRESS
